

UNIVERSAL INDUSTRIES

MALONEY INDUSTRIES

Heavy Duty "Thermotreat" Horizontal Treaters

Considered in the industry as oil treating system specialists, Universal & Maloney offer solutions to our customer's treating problems. Our customers receive performance proven process equipment designed to meet their specific needs.

Our "HDT" Treaters have proven themselves under the harshest operating conditions, and are backed by our expert engineering, service teams and process guarantees. Our ASME certified pressure vessel shops fabricate treaters up to and including 28 feet in diameter and over 200 feet long having most pressure and temperature ranges accommodated.

Several options are available including:

- Conventional Firetube/Burner Heating Systems
- High Efficiency Low Emission (HELEx®) forced air burner system
- Internal coatings, external coatings and insulation in accordance with industry standards
- Manual or automatic de-sanding systems
- Vortex inlets to reduce foaming
